Casing systems

We also produce special casing designs for tubular, external and chain drives in steel, stainless steel and aluminium

The standard casings for tubular drives are available in powder-coated aluminium in the colors listed below

Special colors on request

Standard casing dimensions depend on the width, height, profile and the resulting weights and bale diameters (see relevant brochures)

Casing dimensions for tubular drives = 250		
Widths	Standard colors	Heights
	<p>white (similar to RAL 9016)</p> <p>white aluminium (similar to RAL 9006)</p> <p>grey aluminium (similar to RAL 9007)</p> <p>anthracite grey (similar to RAL 7016)</p> <p>darkbrown (Sarotti)</p> <p>DB 703</p> <p>All colors matte</p>	

Casing dimensions for tubular drives = 300		
Widths	Standard colors	Heights
	<p>white (similar to RAL 9016)</p> <p>white aluminium (similar to RAL 9006)</p> <p>grey aluminium (similar to RAL 9007)</p> <p>anthracite grey (similar to RAL 7016)</p> <p>darkbrown (Sarotti)</p> <p>DB 703</p> <p>All colors matte</p>	

Standard design
according to
current Standard
(DIN EN)

Casing dimensions for tubular drives = 365

Widths	Standard colors	Heights
	<p>white (similar to RAL 9016)</p> <p>grey</p> <p>natural</p> <p>brown</p> <p>bright beige</p> <p>cream white (similar to RAL 9001)</p>	

Casing dimensions for tubular drives = 400

Widths	Standard colors	Heights
	<p>white (similar to RAL 9016)</p> <p>white aluminium (similar to RAL 9006)</p> <p>grey aluminium (similar to RAL 9007)</p> <p>anthracite grey (similar to RAL 7016)</p> <p>dark brown (Sarotti)</p> <p>DB 703</p> <p>All colors matte</p>
